

**REMARKS**

The Examiner's comments have been carefully reviewed and it is noted with appreciation that he is willing to allow all the claims apart from the newly-added claim 24.

In the interest of securing immediate allowance, claim 24 has been cancelled and it is therefore believed that the application is now in a form suitable for allowance.

Applicant requests permission to correct some minor grammatical errors in claims 1 and 18 and to correct the spelling of condenser in claims 20 and 21. Although this word was actually correctly spelled in the Amendment filed at the PTO on December 6, 2007, it appears that the word was incorrectly spelled in the claims as originally filed, and so the amendment to claims 20 and 21 should have been indicated in the previous Amendment. Permission to take suitable corrective action at this stage is therefore requested.

The only amendments made herein are for purposes of correction of typing and formatting issues, and the cancellation of the only rejected claim. Thus, entry of this amendment in order to place the application in condition for allowance is proper and respectfully requested.

Favorable reconsideration and allowance are accordingly requested.

It is believed that no fee is due in connection with this filing. If any such fee is due, please charge same to Deposit Account 02-0184.

Respectfully submitted,

By /George A. Coury/
